Meeting with Des Moines County Emergency Management Coordinator

On December 13, 2019 I conducted an annual exercise with the Des Moines County Emergency Management Coordinator, Gina Hardin.

The exercise involved the CCR impoundment closure project and how the CCR Emergency Action Plan would be implemented if a failure occurred.

In the event of an imminent failure the CCR Emergency Action Plan would be used as a reference guide to notify emergency responders of the potential impacts. Evacuation and assembly of both on-site personnel and public if affected by the emergency event.

Burlington was experiencing minor flooding at the time of this meeting. 2020 Spring flooding was discussed as it is expected be a very active flooding season. BGS has installed a second row of Hesco barriers due to the failure at the downtown breach in 2019.

A handwritten signature in black ink, appearing to read "Robin Nelson", with a long, sweeping horizontal line extending to the right.
