Meeting with Des Moines County Emergency Management Coordinator

On September 30, 2021 I met with the Des Moines County Emergency Management Coordinator, Gina Hardin, to discuss the CCR Emergency Action Plan, and provide information on the CCR rule and view the CCR impoundments.

This meeting started at 02:30 PM with discussions about the CCR rule and how it impacts BGS.

We walked around the ponds and discussed how we maintain the ponds. We also discussed the pond closure project and when it was going to start. We discussed the ceasing of burning coal in December and burning natural gas starting in 2022.

We discussed the every 7 day inspection requirement and the Annual Inspection requirement by a certified PE.

We briefly discussed the water sampling requirements of the CCR plan.

A handwritten signature in black ink that reads "Robin Nelson".
