To: CCR Operating Record  
Re: Notification of Completion of Closure pursuant to 40 CFR 257.102(d)

Closure of the existing Coal Combustion Residuals (CCR) Surface Impoundment at the Edgewater Generating Station was completed on August 9, 2021. Closure was completed by leaving the CCR in place and installing a final cover system, in accordance with 40 CFR 257.102(d). This notification and the attached written certification from a qualified professional engineer have been prepared in accordance with 40 CFR 257.102(h) and 257.105(i)(8).

This notification applies to the following CCR unit at this facility:

CCR Surface Impoundments

- EDG Slag Pond
- EDG North A Pond
- EDG South A Pond
- EDG B Pond

Subject: Certification of Closure – CCR Impoundments  
Edgewater Generating Station, Sheboygan, WI

Dear Ms. Stevens:

The closure of the Coal Combustion Residual (CCR) Impoundments has been completed at the Edgewater Generating Station. As of the date of this letter, the closure of the impoundments satisfies the requirements in 40 CFR 257.102, and the closure has been completed in accordance with the performance standards in 40 CFR 257.102(d). A final cover system that meets the requirements of 40 CFR 257.102(d)(3)(i) and (ii) has been installed.

## PE CERTIFICATION

	<p>I, Phillip E. Gearing, hereby certify that the closure of the following CCR impoundments at the Edgewater Generating Station has been completed in accordance with Amendment No. 1 to the written closure plan and the requirements of 40 CFR 257.102.</p> <ul style="list-style-type: none"> <li>• EDG Slag Pond</li> <li>• EDG North A-Pond</li> <li>• EDG South A-Pond</li> <li>• EDG B-Pond</li> </ul> <p>This certification is based on my review of the written closure plan posted to Alliant Energy's CCR Rule Compliance Data and Information website and my oversight of the design and construction of the final cover system. I hereby certify that this engineering document was prepared by me or under my direct personal supervision and that I am a duly licensed Professional Engineer under the laws of the State of Wisconsin.</p> <p> 8/9/21 Phillip E. Gearing, PE (date)</p> <p>Wisconsin License No. <u>E-45115</u></p> <p>My license renewal date is: <u>7/31/2022</u></p> <p>Pages or sheets covered by this seal: <u>Certification of Closure – CCR Impoundments dated August 9, 2020.</u></p>
