MEMORANDUM

To: Alliant Energy Files

From: Jim Jakubiak, Environmental Specialist

Subject: CCR Meeting with Sheboygan County Emergency Management.

On December 21, 2018 the Edgewater Generating Station Environmental Specialist met with the Sheboygan County Emergency Management Director, Steve Steinhardt to discuss the Edgewater CCR program and the CCR Emergency Action Plan. The following topics were discussed during the meeting:

- The CCR Rule and the historical TVA spill,
- Routine and annual inspections performed for CCR units at the surface impoundments,
- Emergency Action Classifications and hazard potentials,
- Emergency Action Plan and notifications,
- CCR recording keeping and public web site,
- Potential structural concerns and inspection signs,
- Edgewater existing projects and future projects,
- Possible opportunities for future training.

The meeting attendees were told of the Alliant CCR web site and told we would provide any plans or documents from the web site for their use.
